To whom it may concern,

Due to lack of good accounting practices on the side of National Field Services, it took KRA Field Services, LLC about 40 hours to get to a final number that was owed to us. There was no flow of a start date and end date that was being paid thus many went months unpaid. The cost to our company was \$720 to reconcile back months with the information provided to us by National Field Network. (40 hours x \$18).
